

Gamer Camp!

With Dr. James Goodlad

A Social Skills Group

Join Dr. James Goodlad for a week-long half-day camp using cooperative video gaming to teach and build upon social skills. Each day participants will receive direct instruction and modeling in important social skills like sportsmanship, healthy conflict resolution, emotion management, and trading information with peers. Skills will be practiced during fun game times with campers featuring both current and vintage video games, including games like Super Smash Bros, Minecraft, Mario Kart, and more!
